

Hematologic Malignancies

Our dedication to creating breakthrough medicines manifests in our partnerships with the blood cancer community. We develop resources to enhance quality care and provide access to medicine, supporting the patient through their journey.

A graphic featuring a photograph of an older man with a grey beard smiling, with a young child sitting on his shoulders. To the left of the photo is a decorative wave of red and purple dots. The Pfizer logo is in the bottom left corner of the graphic.

Our Vision to Improve End-to-End Blood Cancer Care

We strive for excellence through our leadership in leukemia, pioneering science in multiple myeloma and renewed pipeline focus. As we introduce new treatments for blood cancers, **we strive to improve outcomes for patients with blood cancers** around the globe.

A graphic with a white background and scattered red dots. The number '30' is prominently displayed in a large, red, textured font. The text 'Every' and 'seconds' are on either side of the '30'. Below this, the text 'a person is diagnosed with blood cancer...' is written in a smaller, red font.

Every **30** seconds

a person is diagnosed with blood cancer...
