

Expert Perspectives in ALK+ NSCLC: A round table discussion

Saturday 18th September 2021

08:45-09:45 CEST (Channel 3)

Available on demand until 28th September 2021

Chair's welcome

On behalf of the faculty, I am pleased to invite you to access the on-demand Pfizer Oncology Satellite Symposium **Expert Perspectives in ALK+ NSCLC: a round table discussion**. We are delighted to be holding this discussion-based symposium session where you will have the opportunity to hear from experts in the ALK+ NSCLC field. This pre-recorded session will be held on **Saturday 18th September 08:45-09:45 CEST (Channel 3)**, with on-demand access available after the event.

Treatment advances in ALK+ NSCLC continues to be a dynamic and rapidly changing field. Physicians need to integrate an ever-increasing amount of information to guide their treatment decisions and effectively manage their patients. During the symposium, our distinguished faculty will:

- Discuss recent treatment advances, and the implications of recent and emerging clinical data for ALK+ NSCLC
- Provide insights into treatment decision making in ALK+ NSCLC, including an overview of treatment sequencing, and factors that influence treatment decisions
- Share expert opinion to support appropriate treatment decisions and effective ongoing therapy management (including management of CNS disease) in ALK+ NSCLC

My colleagues and I look forward to welcoming you for what promises to be an engaging and informative session.

Prof Nicolas Girard, Chair

Curie-Montsouris Thorax Institute, France

Programme

Chair: **Prof Nicolas Girard (France)**

08:45-08:50	Chair's Welcome and introduction	Prof Nicolas Girard (France)
	Recent advances in ALK+ NSCLC	Prof Ben Solomon (Australia)
	Treatment selection and sequencing: decision making in 2021	Dr Todd Bauer (USA)
08:50-09:30	The importance of managing CNS disease	Prof Nicolas Girard (France)
	Optimising patient outcomes: treatment management options	Dr Ibiayi Dagogo-Jack (USA)
09:30-09:45	Q&A session	All chaired by Prof Nicolas Girard (France)
09:45	Summary, thank you and close	Prof Nicolas Girard (France)
